Summary

I am from Tangail & have released from Sylhet Engineering College in 2011 with a degree in Computer Science & Engineering.

I have know-how knowledge almost all latest web technology specially back-end section. You can consider me undoubtedly when it comes up with PHP, JavaScript(MEAN Stack) & Database. From my working experience, I know how to do large scale project & also how to maintain industry standard code. Please take a look my Github profile where you will get my fun project also to take a look my code. Which will help you to get a clear idea about me.

- PHP, Codeigniter, Laravel, JavaScript, Node.js, ReactJs, Vue Js, MySql, MongoDB
- Experience to pass complete software Life Cycle.

Experience

Software Engineer (Remote), RootSoft IT	**December, 2019 - continue**
Software Engineer, Synchronous ICT	**December, 2015 - May, 2017**
Software Engineer, Nokkhotro Lab	**April, 2013 - November, 2015**
Junior Software Engineer, Codemen	**April, 2012 - March, 2013**

What I Have

Laravel	Installation, Service Container, Service Providers, Middleware, Broadcasting, Compiling Assets (Mix), Events & Listeners, Queues,Authorization, Database: Query Builder, Eloquent, MultiAuth, Reprository, Request, Response.
React Js	Installation, Components(Class, functional), Props, State, Event Handling, Rendering, Lifecycle(Mounting, Updating, Unmounting, Errors), HOC, context,HTTP(axios), Hooks(useState, useEffect, useContext, useReducer, useCallback, useRef).
Node Js	ExpressJS framework, HTTP, Fs, Path , Events, Streams, callback.
Vue Js	Installation, Components, Bind, Render, Event Handling, Form Handling, Modifiers, Computed Properties, computed satter, watchers, props, provide inject, v-model, slots, Teleport, Request(axios), Hooks.
MySql	DDL, DML, Sql Constraints, view, Triggers, Stored Procedures.
CSS	BootStrap
HTML	HTML5

1. comX

comX is an unified Telecommunication proprietary software for VOIP company. We are 6 team members build this project start from mid 2015. My responsibility is to build rich web application with Node.js, web-socket & so on. Tools & technology we used.

- Node.js
- React.js
- MongoDB
- Socket.io
- Gulp
- Git, Bitbucket

2. Nokkhotro Portal

 www.nokkhotro.com

Served as full-time software developer of this project. Project includes developing Interactive Web Portal which contains blog, e-commerce, articles. Main feature of the project is blog. I had completed e-commerce section.

- Frontend development using HTML , CSS, jQuery.
- Backend development using Laravel.
- Data storage using MySQL.

3. Online Course Registration System of Jahangirnagar University.

 www.mscs-ju.org

Served as a software engineer of this project. Students can login and enroll courses per semester.

- Frontend development using HTML , CSS, jQuery , AJAX, BootStrap.
- Backend development using Laravel 5.
- Data storage using MySQL.

4. : Online Water Billing System of Sylhet City Corporation.

 www.water.scc.gov.bd

Served as software engineer of web based online water billing system project for Sylhet City Corporation. Water consumers of Sylhet city now get SMS notification of water bills, can pay water bill using mobile through mobile financial services and SCC water billing department can perform the whole water billing tasks and management through secured web based billing system.

- Frontend development using HTML , CSS, jQuery , AJAX, BootStrap.
- Backend development using Codeigniter.
- Data storage using MySQL.

5. : Online Admission of Sylhet Engineering College.

 www.admission.sec.ac.bd

We have provided online application and admission system for undergraduate student admission at Sylhet Engineering College. Candidates can:

-> Apply at SEC through web and get SMS notifications.

-> Pay application fee via mobile banking & print admit card from website.

->SEC authority can manage the admission process from secured admin panel.

- Frontend development using HTML , CSS, jQuery , AJAX & BootStrap.
- Backend development using Codeigniter.
- Data storage using MySQL.

6. : Other Web Urls:

- www.mentif.com (CodeIgniter, MySQL, HTML, CSS, jQuery, AJAX, BootStrap)
- www.bdhospital.com (CodeIgniter, MySQL, HTML, CSS, jQuery, AJAX, BootStrap)
- www.eshopay.com (Laravel, MySQL, HTML, CSS, jQuery, AJAX, BootStrap)

Live Portfolio

- http://www.nokkhotro.com/
- http://www.mscs-ju.org/
- http://www.water.scc.gov.bd/
- http://www.admission.sec.ac.bd/

Skills

Languages	C, JavaScript , Node.js & PHP.
Framework/CMS	Codeigniter, Laravel , React.JS, Vue.JS
Database	MongoDB, MySQL
OS	Linux, Windows
Tools	SASS, Npm, Socket.io.
IDE	Vim, Sublime Text, Webstorm, Phpstorm
VCS	Git , Bitbucket, Github

Personal Details

Father's Name	Md. Abdul Mazid
Mother's Name	Nurunnahar
Date of Birth	August 6, 1990
Gender	Male
Nationality	Bangladeshi
National Id No.	19909314758000164
Religion	Islam
Permanent Address	Vill: Kharulia, P.O: Kokdahara, P.S: Kalihati, Dist: Tangail, Dhaka, Bangladesh.

Academic Degree

Degree	Concentration/Major	Pass year	Institution
M.Sc	Computer Science	2015	Jahangirnagar University
B.Sc in Engineering	Computer Science & Engineering	2011	Sylhet Engineering College, Sylhet
HSC	Science	2007	Modhupur Shahid Smriti Secondary School
SSC	Science	2005	Elenga High School

Language

English	Conversational Level

Bangla	Fluent as native language
