Summary

I am from Tangail & have released from Sylhet Engineering College in 2011 with a degree in Computer Science & Engineering.

I have know-how knowledge almost all latest web technology specially back-end section. You can consider me undoubtedly when it comes up with PHP, JavaScript(MEAN Stack) & Database. From my working experience, I know how to do large scale project & also how to maintain industry standard code. Please take a look my Github profile where you will get my fun project also to take a look my code. Which will help you to get a clear idea about me.

- PHP, Codeigniter, Laravel, Zend Framework, JavaScript, Node.js, ExpressJS, AngularJS, AJAX.
- Experience to pass complete software life Cycle.

Experience

Software Engineer, Synchronous ICT   **December, 2015 - continue**

- Build Rich Web Application With MEAN Stack.
- Testing With Mocha, Postman, Curl, Kibana
- Back-end handling with Node.js
- Front-end handling with AngularJS
- Database - MongoDB
- Version control system with git & Bitbucket

Software Engineer, Nokkhotro Lab   **April, 2013 - November, 2015**

- Build Web Application With PHP, jQuery, AJAX & MySQL
- Framework - Laravel 5, Zend Framework, Codeigniter
- Database - MySQL

Junior Software Engineer, Codemen   **April, 2012 - March, 2013**

- Build Web Application With PHP, jQuery, AJAX, HTML5, CSS3 & MySQL
- Framework - Codeigniter
- Database - MySQL

Skills

Languages	C, JavaScript , Node.js & PHP.
Framework/CMS	Codeigniter, Laravel , Zend Framework , ExpressJS, AngularJS
Database	MongoDB, MySQL, Elasticsearch
Tools	SASS, Bower, Npm, Socket.io, Gulp.
IDE	Vim, Sublime Text, Webstorm, Phpstorm
VCS	Git , Bitbucket, Github
TDD	Jasmine, Karma, Mocha

Projects & Code

1. comX

comX is an unified Telecommunication proprietary software for VOIP company. We are 6 team members build this project start from mid 2015. My responsibility is to build rich web application with Node.js, ExpressJS, AngularJS, web-socket & so on. Tools & technology we used.

- Node.js
- AngularJS
- MongoDB
- ExpressJS
- Socket.io
- Gulp
- Git, Bitbucket

2. Nokkhotro Portal

 www.nokkhotro.com

Served as full-time software developer of this project. Project includes developing Interactive Web Portal which contains blog, e-commerce, articles. Main feature of the project is blog. I had completed e-commerce section.

- Frontend development using HTML , CSS, jQuery.
- Backend development using Zend Framework.
- Data storage using MySQL.

3. Online Course Registration System of Jahangirnagar University.

 www.mscs-ju.org

Served as a software engineer of this project. Students can login and enroll courses per semester.

- Frontend development using HTML , CSS, jQuery , AJAX, BootStrap.
- Backend development using Laravel 5.
- Data storage using MySQL.

4. : Online Water Billing System of Sylhet City Corporation.

 www.water.scc.gov.bd

Served as software engineer of web based online water billing system project for Sylhet City Corporation. Water consumers of Sylhet city now get SMS notification of water bills, can pay water bill using mobile through mobile financial services and SCC water billing department can perform the whole water billing tasks and management through secured web based billing system.

- Frontend development using HTML , CSS, jQuery , AJAX, BootStrap.
- Backend development using Codeigniter.
- Data storage using MySQL.

5. : Online Admission of Sylhet Engineering College.

 www.admission.sec.ac.bd

We have provided online application and admission system for undergraduate student admission at Sylhet Engineering College. Candidates can:

-> Apply at SEC through web and get SMS notifications.

-> Pay application fee via mobile banking & print admit card from website.

->SEC authority can manage the admission process from secured admin panel.

- Frontend development using HTML , CSS, jQuery , AJAX & BootStrap.
- Backend development using Codeigniter.
- Data storage using MySQL.

6. : Other Web Urls:

- www.mentif.com (CodeIgniter, MySQL, HTML, CSS, jQuery, AJAX, BootStrap)
- www.bdhospital.com (CodeIgniter, MySQL, HTML, CSS, jQuery, AJAX, BootStrap)
- www.eshopay.com (Laravel, MySQL, HTML, CSS, jQuery, AJAX, BootStrap)

Academic Degree

Degree	Concentration/Major	Pass year	Institution
M.Sc	Computer Science	2015	Jahangirnagar University
B.Sc in Engineering	Computer Science & Engineering	2011	Sylhet Engineering College, Sylhet
HSC	Science	2007	Modhupur Shahid Smriti Secondary School
SSC	Science	2005	Elenga High School

Live Portfolio

- http://www.nokkhotro.com/
- http://www.mscs-ju.org/
- http://www.water.scc.gov.bd/
- http://www.admission.sec.ac.bd/

Language

English	Conversational Level
Bangla	Fluent as native language

Interest & Hobbies

- Travelling
- Reading Books
- History

Personal Details

Father's Name	Md. Abdul Mazid
Mother's Name	Nurunnahar
Date of Birth	August 6, 1990
Gender	Male
Nationality	Bangladeshi
National Id No.	19909314758000164
Religion	Islam
Permanent Address	Vill: Kharulia, P.O: Kokdahara, P.S: Kalihati, Dist: Tangail, Dhaka, Bangladesh.
